ABHISHEK CHAUDHARY

B.Tech in Computer Science & Engineering | BIET Jhansi

Location: Jhansi, UP, India | Email: abhishek.chaudhary@example.com | GitHub: github.com/your-username

EDUCATION

Bachelor of Technology (B.Tech) - Computer Science & Engineering **2023 - 2027**

Bundelkhand Institute of Engineering & Technology (BIET), Jhansi

Focus: Data Structures, Algorithms, Computer Architecture, Discrete Math, C/C++ Programming

Senior Secondary (Class XII) - Science (PCM) **Completed**

Higher Secondary School Placeholder

TECHNICAL SKILLS

Programming Languages: C (Proficient / Core), C++ (Learning / OOP), JavaScript (ES6+)

Web Technologies: HTML5 (Semantic), CSS3 (Grid, Flexbox, Animations), DOM APIs

Core CS Foundations: Data Structures & Algorithms, Object-Oriented Programming, Memory Management

Tools & Platforms: Git, GitHub, Visual Studio Code, GCC Compiler, Web Storage API

FEATURED PROJECTS

Interactive Sorting & Search Visualizer JavaScript, Canvas, CSS

- Dynamic web application illustrating Bubble, Selection, Insertion, and Quick Sort algorithms in real time.
- Features step-by-step playback, customizable speed, comparison metrics, and responsive canvas UI.

C-Based Record Management & File Utility C Language, Binary File I/O

- Robust CLI program engineered in C using dynamic memory allocation and structs for record indexing.
- Integrated persistent binary file streams with strict memory leak prevention and validation.

Student Workflow & Task Matrix JavaScript, Web Storage

- Lightweight productivity dashboard with category filtering and persistent local browser storage.

ACADEMIC & CODING ACHIEVEMENTS

- Admitted to B.Tech Computer Science & Engineering at BIET Jhansi (Autonomous Govt. College).
- Active problem solving on competitive platforms: LeetCode and HackerRank practicing DSA fundamentals.
- Participant in college coding challenges, tech festivals, and CSE departmental hackathons.
